### Life Group Discussion Questions

1. Based on #1, above: The source of constant friction, disagreements, unrest, mistreatment and even abuse in this world is not an absence (or weakness) in God, but real rebellion in the hearts of mankind. Think about the areas of disappointment in your life. How has your sin and the sin of others multiplied your pain and misery? How have you been tempted to blame these things on God?
2. Based on #1, above: If we do not have peace with God, then we cannot have peace with ourselves or with others. What are your great frustrations with others and with yourself? How are they intertwined? Discuss this: "You cannot give what you do not have."
3. Based on #2, above: Peace is a Person. Jesus is Peace, has peace and gives peace to those who know Him by faith. The answer is not information or academics, but loving and looking for Jesus (in the Word and by faith). In what way is Jesus your peace?
4. Based on #3, above: Peace is process. Those who trust Christ trust His Word, have our minds and emotions transformed by Him (Is 26:1-3) and know that the future is not only held in His hands, it is crazy good for those who love God. How are you growing in "perfect peace" because your mind is securely settled, and you trust God?
